Dear Prep Parents/Guardians,

**Student Multimedia Headphones**

To ensure your child has use of headphones that are well maintained and hygienic, we are requesting that students purchase their own headphones. The school has bought headphones at a great price, so the cost to you is $10.00 per child. They will be stored in individually named lunch boxes within a classroom tub provided by the school. For students this will instil ownership with care and responsibility of their own headphones. Children will receive their headphones once payment has been received. **Please complete the order form below and return to school together with payment by Tuesday 11th March.**

Thank you,

ICT Team
